### Superintendent's Highlights

The 2000-2001 school year has been a remarkable one for our district. Teachers in Dietrich have had the opportunity to begin using one of the most significant improvement in teaching tools this century: the multi-media SmartBoard.

The ability of our teachers to transform their instructional methods to include the use of SmartBoards is a clear measure of the quality of the professional teachers in the state of Idaho and this district. This tool has changed the way teachers teach by bringing the world to the classroom at a touch of the finger or mouse. Unbelievable!

The focus of our Primary School has been to provide increased instructional opportunities for our K-3 students. The aim of our new Summer School Reading Skills Academy is to bring all of our K-3 students up to grade level in their reading.

### Progress Towards Meeting District Goals

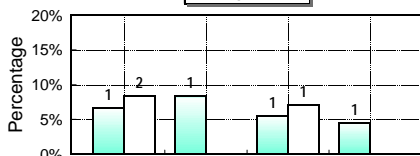

2000-01 Goals	Progress
Increase percentage of K-3 students on grade level or above	Higher percentage of students on grade level or above in K-3
Provide increased reading instructional opportunities for K-3 students who are not on grade level	Establish a Summer School Reading Skills Academy
Improve our Primary School learning environment	Our Primary School staff is "teaming" and coordinating instruction in our combination (grades 1-2 and 2-3) classrooms.
Provide college credit classes in high school	Several dual-credit opportunities for high school students have been added to the curriculum
